PROFESSIONAL EXPERIENCES

Deloitte | New York, New York

June 2026 – Present

Discovery II Intern – IT Assurance

- Collaborating with a globally distributed team to execute comprehensive IT systems and workflow audits for a Fortune 500 aerospace and defense client, ensuring operational integrity across their global manufacturing supply chain.
- Evaluating enterprise SAP environments to mitigate risk and verify compliance, performing targeted analyses of Segregation of Duties (SOD) conflicts, change management frameworks, and SM20 security audit logs.
- Engineering an automated agent designed to parse unstructured data and proactively detect potential risk and compliance anomalies, streamlining traditional audit methodologies and enhancing detection accuracy.

Deloitte | New York, New York

July 2025 – August 2025

Discovery I Intern – Risk & Financial Advisory

- Conducted rigorous financial analysis, market research, and strategic analysis on 2 case acquisition targets for a social media platform
- Designed and presented a software solution for the Leukemia & Lymphoma Society (LLS), projected to increase user engagement by 30%, now under review for implementation
- Collaborated with a 7-person team to develop an integration roadmap outlining key insights, financial projections, and risk factors, completing deliverables 25% ahead of a 2-week project timeline.

Generative AI and Cybersecurity Research Assistant | Rensselaer Cybersecurity Collaboratory, RPI, Troy, NY

August 2024 – May 2025

- Gathered and organized 90+ data points on human subjects' cybersecurity knowledge to evaluate impact of cybersecurity training
- Conducted in-depth analysis of 5+ large datasets to uncover patterns and vulnerabilities, identifying the performance of AI in cybersecurity education and deriving actionable insights for improved pedagogy implementation
- Co-authored a research paper, technical reports, and presentations on research findings for ISC2 2024 and CISSE 2025

IT Help Desk Technician | Voorhees Computing Center, RPI, Troy, NY

January 2025 – Present

- Diagnosed 300+ technical support activities and maintained detailed records in the ticketing system for efficient issue tracking
- Delivered exceptional customer service while explaining technical concepts in an accessible manner to non-technical users

LEADERSHIP & ACTIVITIES

Association for Computing Machinery – Women's Chapter | President

April 2025 – April 2026

- Spearheaded initiatives that increased member engagement by 90%, launched 15+ industry and research collaborations, and implemented new curriculum-driven workshops to enhance technical readiness
- Managed a 10-member executive board to deliver weekly programs, reaching 50+ members, secured partnerships with top tech, banking, and healthcare firms, and strengthened cross-campus collaboration with 5+ women's organizations

James Fund | Head of Risk

December 2025 – Present

- Monitor risk metrics and portfolio allocation for a \$243K student-managed investment fund (up 8.78% Jan-Sept 2025, outperforming S&P500 by ~1%), and currently developing a real-time risk monitoring system to replace Excel-based performance tracking

Alpha Phi – Theta Tau Chapter | Director of Finance

October 2025 – Present

- Managed chapter financial processes including member billing, payments, and budget tracking to ensure accurate and timely finances
- Engaged in community service, fundraising, and sisterhood initiatives supporting campus engagement and women's leadership

Ski and Snowboard Club | Vice President

August 2025 – December 2025

- Directed a 15-member executive board and coordinated partnerships with 10+ ski resorts, driving membership growth by 10% and maintained the club's position as the largest student organization on campus

Software: Python, R, C++, C, LaTeX, SQL | **AI:** Codex, Claude, Gemini, Copilot | **Tools:** Bloomberg, WRDS, GitHub, Microsoft Suite

Databases: MongoDB, Supabase, PostgreSQL, MySQL | **Cloud:** AWS, Azure, Vercel | **Interpersonal:** Public Speaking, Technical Writing
